Forward

This policy sets the framework for development and implementation of research at Kirinyaga University by academic graduate and undergraduate students as well as research collaborators and other persons not affiliated with the University but wish to conduct research at KyU. Each member of the University community is responsible for the implementation of this Policy in relation to scholarly work with which s/he is associated.

The University encourages and will where possible facilitate Faculty, graduate students and research collaborators to seek funding opportunities to support their research interests. The University commits to providing effective, efficient and equitable support for researchers, by granting access to research infrastructure hosted within the University and supporting where applicable conferences within and outside the University and providing administrative support for research grants held within the University.

Professor Mary Ndung'u
