

ANIE 9th Annual Conference & 10th Anniversary

At the Kenya Institute of Curriculum Development (KICD)

3rd – 5th October 2018
Nairobi, Kenya

Theme: Africa in the global higher education landscape: the role of internationalization

Background and Rationale

The African Network for Internationalization of Education (ANIE) is celebrating 10 years. ANIE is an organization committed to the advancement of high quality research, capacity building, information sharing, transnational networking and policy advocacy on the internationalization of higher education in Africa. Over the past ten years, ANIE has attained useful outputs and progression in its key focus areas. Themembership base has grown, several studies have been undertaken, capacity building and training workshops have been held on different skills. In addition, ANIE has held eight Annual Conferences in different countries in Africa. The ANIE conferences have attracted several stakeholders including policy makers, higher education leaders, universities, academics, international program officers, practitioners and researchers. They provide an opportunity for developing partnerships between universities and higher education institutions (HEIs) from different regions in Africa with other parts of the world. ANIE's 10th Anniversary and 9th Annual Conference is therefore a moment to reflect on the next steps that the Higher Education sector has to take while at the same time, drawing important lessons from the ground covered over the last ten years. The event will take place in Nairobi Kenya from 3rd-5th October, 2018.

Sub Themes

- 1.Global Knowledge Society, ICTs and other Global Developments: Implications on Internalization of Education in Africa
- 2.Harmonization of curriculum: Exploring Global and Regional perspectives
- 3.Regionalization, mobility and quality assurance across borders
- 4.Internationalization, leadership, gender and cultures in Africa's higher education
- 5.Partnerships, competencies and pedagogies for research and doctoral education in Africa
- 6.Africanising internationalization of higher education
