RE: Application For Practicum 1 (Community Service Learning) Placement

As part of the Bachelor of Education curriculum requirements, all students pursuing the programme at the University are expected to take part in **PRACTICUM 1** (Community Service Learning) for one term in Junior Secondary Schools. It is a mandatory component of teacher training and hopes to achieve the following objectives;

- To expose student-teachers to real life classroom and gain an opportunity to practice the art of teaching under a cooperating teacher before getting to the world of teaching profession.
- To provide a forum for student-teachers to translate educational theories and principles into practice and learn more about CBC.
- To provide student-teachers with an opportunity for further acquisition of professional skills, competencies, personal characteristics and experience in a school setting.
- To explore opportunities for engagement with members of the school community and undertake a Community Service Learning project.

I therefore, write to introduce and request for placement of the following student who would wish to carry out his/her PRACTICUM 1 in your institution during the second term of the year 2025.
