FOREWORD

ICT is a major contributing factor towards the success of the University. Operations of Information and Communication Technology (ICT) services can be enhanced through the establishment, operationalization and extension of ICT enabled functions within a clear policy framework that takes full cognizance of the University's overall strategic goals.

Towards achieving her vision and mission, Kirinyaga University recognizes and upholds the critical need of ICT. This policy is intended to enhance ICT Services and facilities by ensuring confidentiality, integrity and availability (CIA) of information assets and supporting infrastructure.

This policy document shall serve as a commitment and a guide to the integration, deployment and management of ICT infrastructure of Kirinyaga University.

Prof Mary Ndung'u
Vice Chancellor
